Non-Regular Classes Involving Multiple Dog Entries

Stud Dog Class - Will be for Stud Dogs and two of their get. Stud dogs must be entered in the Stud Dog Class and must be shown in the ring with their Get. Owner of Stud Dog need not necessarily be owner of the Get. Get only to be judged, based on the merits of the Get. Although the merits of the Stud Dog are not to be considered in the placement of the entry, the stud dog must be examined to determine if it has any condition that would require its disqualification or excusal under the Dog Show Rules, AKC policy, or the standard for the breed. Get must be entered in a Regular Class, Best of Breed Competition, or some other Non-Regular Class.

Brood Bitch Class - Will be for Brood Bitches and two of their Produce. Brood Bitches must be entered in the Brood Bitch Class and must be shown in the ring with their Produce. Owner of Brood Bitch need not necessarily be owner of the Produce. Produce only to be judged, based on the merits of the Produce. Although the merits of the Brood Bitch are not to be considered in the placement of the entry, the brood bitch must be examined to determine if it has any condition that would require its disqualification or excusal under the Dog Show Rules, AKC policy, or the standard for the breed. Produce must be entered in a Regular Class, Best of Breed Competition, or some other Non-Regular Class.

Brace Class - The two dogs with identical ownership comprising a brace must be named at the time of the entry, only a single entry fee for the brace class is required. If a dog, which is to be part of a brace, is not entered in a single-class entry, it must be entered for "Brace Class Only" for a fee of \$30.00. In making entries for "Brace Class Only" full particulars must be given for each dog on individual regular entry forms. An entry form for each dog entered in another class and entered as part of a brace must be marked accordingly in the space provided for Additional Classes as "Brace Class". If more than one brace is entered by the same owner, the dogs comprising EACH brace must be designated, Brace No. 1, Brace No. 2, etc.

Team - The four dogs with identical ownership comprising a team must be named at the time of the entry, only a single entry fee for the team class is required. If a dog, which is to be part of a team, is not entered in a single-class entry, it must be entered for "Team Class Only" for a fee of \$30.00. In making entries for "Team Class Only" full particulars must be given for each dog on individual regular entry forms. An entry form for each dog entered in another class and entered as part of a team must be made accordingly in the space provided for Additional Classes as "Team Class". If more than one team is entered by the same owner, the dogs accompanying EACH team must be designated, Team No. 1, Team No. 2, etc.

Pack Class (National Specialty Only) - Entry fee is \$30.00 per pack. The pack consists of an entry of at least 6 dogs that are all bred, co-bred, owned or co-owned by the exhibitor. The entry is made in the name of the kennel represented by the dogs as well as the exhibitor's name(s). The dogs are brought into the ring by up to 2 handlers, one of which must be the named exhibitor. The dogs will be judged on a point system with 120 being the maximum. Half the points (60) are allotted for how well the pack corresponds to breed type, and the other half (60) are allotted on size (30) and color (30) of the whole. The dogs are judged as a pack rather than as individuals; they are judged on type, size and color as a whole, they are not gaited. All dogs judged in the pack class must be entered in the regular classes. The judges shall choose one winner. An entry form for a dog entered in another class and entered as part of a pack must be marked accordingly in the space provided for Additional Classes. "Pack Class". If more than one pack is entered by the same owner, the dogs comprising each pack must be designated "Pack No. 1, Pack No. 2", etc.

Three Generation Pedigree Class (National Specialty Only) Entry fee is \$30.00 per unit. Each entry will consist of 3 specified PBGVs, dogs and/or bitches from 3 different generations, e.g. sire daughter grandson, in any combination as long as they are direct descendants. The 3 generations need not be consecutive. All 3 dogs must be bred, co bred, owned or co owned by the exhibitor. All three will be listed in the catalog. The entry is judged as a unit, with no one outstanding individual outweighing the quality of the others. All are judged on how well they represent the ideal of the breed standard, quality and consistency. The quality of each generation should meet or exceed that of the previous generation. The judge shall choose one winner.

All dogs entered in the Three-Generation Pedigree Class except the grandsire and/or granddam **must be entered** in another Regular or Non-Regular class at the show. If the grandsire and/or granddam are representing another Generations Class either as a Sire or Dam, then the grandsire and/or granddam **MUST BE ENTERED** in another Regular or Non-Regular class at this show.

NOTE: As the judge's decision in the Stud Dog, Brood Bitch, Brace, Team, Pack or Three Generations Pedigree Classes is based on the merits of more than one dog or bitch, no one of the dogs or bitches making up the entry judged First in the class will be eligible to compete for Best of Breed by virtue of having won this class.

NOTE: Accordion gating or similar perimeter fencing will be used.

NOTE: The Show Chairman, Judges Hospitality and Transportation Chairs may have a dog entered in conformation but it must be shown by someone else. The Assistant Show Chairman may handle only dogs they own or co-own at the Annual Regional and National Specialties. These people may enter & show in any of the companion or performance events (obedience, rally, agility, etc.)

FRIDAY HEALTH TESTS & SEMINARS

Developing Gene Therapies for Canine Open-Angle Glaucoma Seminar

Dr András Komáromy **DVM, PhD, DACVO** is Professor of Small Animal Clinical Sciences in the College of Veterinary Medicine at Michigan State University. His laboratory focuses on determining the molecular causes of inherited eye diseases in dogs and developing treatment approaches. Dr Komáromy was part of the research team that collected DNA samples from PBGVs to support Dr Cathryn Mellersh's quest to find the primary open angle glaucoma (POAG) gene in our breed. Dr Komáromy is currently performing pre-clinical studies on Beagles with glaucoma. For his work to develop gene therapies to stop vision loss in dogs, he was awarded the 2015 Shaffer Prize from the Glaucoma Research Foundation. He will speak at the 2019 National Specialty on the potential for treatment of PBGVs at risk for developing POAG.

Parent Club Approved Mentor - There will be a program for those interested in becoming a Parent Club Approved Mentor. Anyone interested in being a mentor or a presenter for this program, please contact Kitty Steidel at ksteidel@aol.com (no charge)

Blood Donation for DNA - A veterinary technician will be available to collect blood samples from dogs. Owners must pre-register dogs and fill out in advance a CHIC DNA Repository Health Survey, available on the club website. There is no charge for this clinic. DNA samples from our past donation clinics have benefited research in idiopathic epilepsy and played a part in the recent development of the genetic test for Primary Open Angle Glaucoma in PBGVs.

Trick Training & Titling Seminar - Have you ever wanted to teach your dog tricks but haven't known where to start? Here is your opportunity. On Friday evening April 12, 2019 we will have a Tricks Seminar where you will be shown how to teach your dog many of the tricks allowed by AKC for trick titling. Along with the teaching we will even test your dog to get a Novice Trick title. Teaching your dog tricks can be very fun and rewarding. It's great to show off what tricks your dog can do. This year we are going to allow this seminar and titling as part of the beginner triathlete. More details under the Triathlon rules. We will have registration for this seminar online. Pre-registration is highly recommended.

With the exception that one of those qualifying disciplines can be exchanged for earning one of the following titles (only one) CGC, CGCA, or Trick Dog. Qualifying scores and titles must be earned during the 2019 Regional and National events.

All participants will receive a commemorative token for entering the Triathlon. Each PBGV achieving the Beginner Triathlete or Triathlete Award will also receive an additional prize.
